

M&D solutions

smart maintenance-simple!

Providing solutions for the water treatment industry, M&D works with the experts. Questions? Call 630-655-1080. www.murphyanddickey.com

Annual Check-Ups Are Vital!

The pump is the heart of your treatment system. Protect it with an annual check-up:

Change the Oil.

Order 002372 500-Pump Oil Kit #90 (2qt)

Replace the Diaphragm.

Order 000200 Standard Teflon Diaphragm

Replace O-Rings and Ball Checks.

Order a parts kit (listed below.)

Regular maintenance will protect back-up plates and gears from wear and contamination.
